Roll call found Commissioners Downey, Frisoli, Schuler & Snyder present. Also present were Manager Nina Belcastro, Engineer Glenn Jonnet and Solicitor Tom McDermott.

**Points of Discussion:**

No points of Discussion

**Engineer's Report:**

This coming Tuesday evening (at our regular meeting), we will have our bid openings for our upcoming road project on Dewalt Drive.

Engineer distributed packages explaining the upcoming dry pond to wet pond conversion in the area behind the PW garage (current dry pond retention area). Dale (and PW crew) will do the work on this project. We will store about 4 ft. of water in that pond. We will rent an excavator and excavate about 700 cubic yards. We will change the orifice in the wet pond and raise it about 4 ft. We will put in a solar powered aerator for algae and mosquito control. The quote and cost breakdown are included in the packet. Only one company carries a backup battery system. In the wintertime, PW will have to monitor and clear off snow from the solar panels in the winter months. This project should be completed in October, 2019 – start of project should take place on August 1, 2019. PW supervisor is aware of the project and should be prepared to start.

**Manager's Report:**

Manager read her report.

**Solicitor's Report:**

Solicitor read his report.

Motion to adjourn at 7:48 p.m.

*-end of minutes-*

*Nina Belcastro, Manager*
