

TOWNSHIP OF BALDWIN

10 Community Park Drive
Pittsburgh, PA 15234

**MINUTES of the Pre-Agenda Meeting of the Township Commissioners
Monday, February 27, 2023
7:00 p.m.**

Commissioner Frisoli called the meeting to order at 7:00 pm.

Roll call found Commissioners Downey, Fredrick, Frisoli and Pellegrino present. Also present were Manager Nina Belcastro, Solicitor Tom McDermott and Engineer Glenn Jonnet

Points of Discussion:

None.

Manager's Report: Manager read her report.

Solicitor's Report:

Solicitor read his report.

Engineer's Report:

Engineer reported that the Consent Order states that the Township will need to complete a flow isolation study by 5/31/2023. We already have the locations established and Castle Shannon will be a part of the study as they share part of the lines. The study needs to be completed PRIOR TO the lining, per Consent Order section 8a. BTDPW met with Dranach Environmental to review the locations. The study will take approximately five hours (overnight) and will cost approximately \$5,000.00. Again, this is a requirement, and the entire project needs to be completed by 2025. The area we are looking at is the back of Rolling Rock, Middle and Newport. The study will isolate 8 manholes.

Upon Motion by Downey and second by Pellegrino– all in favor

Resolved to approve and move forward with the Flow Isolation study, per the Consent Order.

Motion to adjourn at 7:26 pm.
