

TOWNSHIP OF BALDWIN

10 Community Park Drive
Pittsburgh, PA 15234

**MINUTES of the Pre-Agenda Meeting of the Township Commissioners
Monday, March 27, 2023
7:00 p.m.**

Commissioner Frisoli called the meeting to order at 7:00 pm.

Roll call found Commissioners Downey, Fredrick, Frisoli, McCabe and Pellegrino present. Also present were Manager Nina Belcastro, Solicitor Tom McDermott and Engineer Glenn Jonnet

Points of Discussion:

None.

Manager's Report:

Manager read her report.

Solicitor's Report:

Solicitor read his report.

Engineer's Report:

Engineer reported that paragraph 8 of the Consent Order required the Township to complete a flow isolation study, which was completed on March 22, 2023. The study produced very positive results, which were below the gold line standard. We have three lining projects upcoming. These projects have been identified and need to be completed in the somewhat-near future. We have a 10% reduction requirement, per the Consent Order, but we might not even have an area that is high enough to allow for a 10% reduction.

Exhibit B is currently being updated for Baldwin township and Castle Shannon.

Engineer is working on the Robertson Road and hillside remediation project RFP, which we anticipate to go out soon.

Lastly, engineer is still trying to arrange a meeting with PWSA and the DEP regarding TMDL and phosphorus reduction project. We will hopefully be able to have a formal agreement with PWSA in place and moving forward with approval for same from the DEP ASAP.

Motion to adjourn at 7:59 pm.
